University

ACU Blacktown Campus - Nursing Guided Visits

Students can join a nursing-specific guided visit at ACU's Blacktown campus on **Tuesday 30 May at 5pm or 6pm**. Students will be shown around campus by a current nursing student, meet academic staff and get hands-on experience in the nursing labs. [Register here](#) for the Blacktown campus nursing guided visits.

ACT enhanced guided visits

ACU's Canberra campus is offering new discipline-specific guided visits in 2023. These visits are more than campus tours – students will have the opportunity to sit down with academic staff and current students from their discipline of interest to learn more about these fields and get their questions answered. Students considering nursing and paramedicine will also get hands-on experience in the labs.

Capacity is limited so students should register early. These tours will run on the following dates:

- **Nursing and paramedicine** guided visit – Tuesday 4 July, 10am to 1pm
- **Teaching** guided visit – Thursday 12 July, 12 to 2pm
- **Social work** guided visit – Wednesday 12 July, 11am to 1pm

Study abroad opportunities

ACU - Study Biomedical Science in Rome

ACU's [Biomedical Science degree](#), available at the North Sydney campus, now provides opportunities to study a core unit at the Rome campus to complement and enhance students' local studies. Students will typically be exposed to biomedicine-related employment opportunities, introduced to the entire job application procedure, and encouraged to learn about themselves and the skills they already possess or need to develop to become a competitive and employable job seeker. This new offering in Rome

will expose students to a vastly different world and provide opportunities for significant growth, self-transformation and career realisation. [Learn more about ACU's Rome campus](#).

ACU - New courses from 2024

ACU Blacktown's Bachelor of Nursing:

Midyear intake opens soon. Applications to study for a [Bachelor of Nursing](#) at the Blacktown campus in semester 2, 2023 will open soon.

Diploma of Criminology:

The new [Diploma in Criminology](#) can help students gain credit towards their first year of study and seamlessly transition into the second year of our Bachelor of Criminology and Criminal Justice. Or they can exit with a standalone qualification to add to their CV. Students will be able to study a Diploma in Criminology at the North Sydney campus.

ACU: New exercise and sport science facility opening in Blacktown

ACU Blacktown's Bachelor of Exercise and Sports Science and Bachelor of High Performance Sport degrees will be taught from the new state-of-the-art facility known as BEST (Blacktown Exercise, Sport and Technology hub). The facility will house specialist teaching labs for all Blacktown students. Purpose-designed exercise physiology, biomechanics, and strength and conditioning labs will allow students to develop knowledge, skills and experience in exercise and sport science. Students can attend the **ACU Blacktown Open Day on Saturday 29 July** for the chance to tour BEST via a shuttle bus to and from the new facility.

Macquarie University - Course updates

Macquarie is introducing the new Bachelor of Business – providing a second broad-based business degree alongside the Bachelor of Commerce. The degree will commence in session 1, 2024. Here is a quick overview of the two degrees:

- The [Bachelor of Business](#) offers six majors built around a broad range of foundation and future-focused business units that will help students build knowledge in areas such as management, entrepreneurship, human resources, marketing and strategy. In addition, they will develop a valuable set of employability skills – leadership, strategic thinking, problem solving, communication, teamwork, and sustainable and ethical thinking – which are highly sought-after in today's rapidly evolving global business landscape. Depending on a student's chosen major, they could find themselves in a broad range of roles in many different industries.
- In contrast, the [Bachelor of Commerce](#) offers 10 majors that will help students develop depth and specialisation in your chosen discipline, along with a set of extensive and integrated foundation units that will orient you to commerce and business. They'll acquire employability skills in data literacy, business analysis, teamwork, communication, conflict resolution, problem solving, critical thinking and a global mindset, among others. Career opportunities include specialist roles across a wide range of industries, such as health, law, psychology, science and technology.

University of Newcastle

New degree for 2024

University of Newcastle's [Bachelor of Media and Communication](#) prepares students to create content for many forms of media. These include social, radio, podcasting, broadcast, streaming, and news platforms. Students can tailor skills for specific areas of interest, including drama and documentary, gaming and lifestyle, strategic

communications, public relations and corporate communications.
