King's Birthday	Monday, 12 June
Labour Day	Monday, 2 October
Christmas Day	Monday, 25 December
Boxing Day	Tuesday, 26 December

HIGHER SCHOOL CERTIFICATE ASSESSMENT POLICY AND SCHEDULE

Information for students and parents

Schools are required by the NSW Education Standards Authority, (NESA) to provide a separate assessment mark that indicates each student's attainment during the Higher School Certificate (HSC) course. The assessments constitute a mark out of 100 for a 2 Unit course and a mark out of 50 for an extension course (1 Unit course). These are submitted to the NESA for each HSC Board Developed Course (BDC) offered. The assessment marks form 50% of the final result.

The assessment mark is calculated from the results of **tests, assignments, projects, oral and aural work, performances and examinations** conducted during the HSC course which commences Term 4, 2022. The assessment mark measures student achievement relative to a set of predetermined standards. Assessment does not take into account student conduct.

As well as tasks included in the Assessment Schedule, there will be **other tasks and classwork required from the students**. The completion of a range of tasks and classroom experiences will be required and will better prepare students to perform well in their HSC assessable tasks and in the HSC examination.

It will also ensure that students have met NESA requirements for successful completion of an HSC subject. These requirements of students include:

- successfully completing the "All My Own Work" program
- following the course developed or endorsed by the NSW Education Standards Authority
- applying themselves with **diligence and sustained effort to the set tasks and experiences** provided in the course by the school
- Completed some or all of the outcomes

It is the responsibility of each student to read his or her Assessment Schedules to be aware of the nature and timing of assessable tasks. Not knowing about a deadline will not be an acceptable excuse for lateness or non-completion.

General Requirements

The NSW Education Standards Authority (NESA), expects students to undertake all Assessment Tasks set. In Year 12, students must make a genuine attempt at assessment tasks that contribute in excess of 50% of available marks. Completion of tasks worth exactly 50% is not sufficient; tasks worth in excess of 50% must be completed. Students who do not comply will be deemed by the NSW Education Standards Authority, as having not satisfactorily completed that subject.

Assessment Practices in action

Each subject will provide adequate time when providing written notifications of formal assessment tasks (a minimum of 2 weeks' notice will be provided). It is expected that students acknowledge receipt of assessment notification through the Google classroom to indicate they have:

- received the task notification
- submitted the task for marking

There is a school community understanding that in order to maximise each student's learning achievement, no assessment task will be expected to be due TWO weeks prior to the formal examination period.

NOTE: Due to recent changes mandated by NESA, HSC students are now required to complete a **maximum of 4 assessment tasks in each course**. Only one formal examination (Trial HSC) will be undertaken by each student in 2023. Academic rigour will be maintained via personalised feedback on all assessment tasks to adequately prepare for the HSC examinations in Term 4 of 2023.

Illness/Misadventure

If **absent from an assessable task due to illness or a proven misadventure**, then the student must:

- Substantiate illness with a doctor's certificate or independent documented evidence
- Fill out the Illness/Misadventure Form – See Appendix 1 on page 54.
- Report before roll call on the first day back at school, to the Head Teacher of the faculty for which the assessment task is due, to organise a substitute task. *NOTE - Repeated absences from tasks, even with Medical Certificates may lead to a review of the student's eligibility for inclusion of that subject in their total units.*

Note: For assessment tasks set in advance to be completed wholly or in part at home, Medical Certificates or Illness Misadventure applications covering only the final days prior to submission of the task will not be sufficient.

There is no provision in the Assessment Policy (as per NESA guidelines) to compensate a student for factors such as extended illness, misadventure or domestic problems. Marks cannot be given for work not done. Notification must be given to the school as soon as practicable, by either student or parent/caregiver, if a student is unable to attend an examination due to illness. A medical certificate or independent documented evidence, e.g. Police event number, will be required to explain such absences. This documentation must be presented to the school on the first occasion the student returns to the school even if it is during the exam period.

Note: A student whose task that is affected by an incident of Illness/Misadventure will have their task reviewed against their prior performance of the student, considering their current rank in the course. This is in keeping with processes used by NESA.

YR 11-12 Assessment Task Rules

The day of an assessment task As a student I must:

- ✓ **submit my work by Recess or at the specific time**
- ✓ **attend all timetabled lessons**

But If I am away sick...

I will hand in my Doctor's certificate to the Head teacher before ROLL CALL the first day I come back to school and hand in my work or organise another time !

Unfair Advantage - Attendance on the day of Assessable Tasks

So that no student will be given an **unfair advantage over others**, students must attend **ALL timetabled lessons on any day they have an assessable task or substitute task scheduled**. Breaches of this rule will mean the task will not be accepted from the student and “NS” (no submission) will be recorded as the mark.

In the case of a genuine illness a medical certificate will be required with the completed misadventure form. In other exceptional circumstances, the student’s case may be considered by the school’s Assessment Review Panel (**A.R.P.**) which consists of the Deputy Principal (or the Principal’s nominee) and two Head Teachers.

Extended Absence with Leave

If a student is to be absent for an extended period with approved leave (eg. overseas travel), substitute tasks are to be **negotiated with each subject area Head Teacher, prior to departure**.

TAFE College Assessments

Students undertaking courses at TAFE colleges receive all assessment details from their TAFE teachers. The school has no input regarding the requirements, procedures or timing of TAFE course assessments. Note that special rules covering attendance are in force. **Students who are absent for more than three (3) lessons may be deemed ineligible for that course regardless of the reason for the absence**.

Vocational Education Training (VET) Courses

All these courses are nationally accredited by ASQA and are based on proven competencies including a mandatory period of work placement. **Students must complete all requirements set out in the course competencies including satisfactorily completing all hours of training at work placements (70 hours)**. No provision is made for special consideration as accreditation depends on the competencies being met. Students should check with their teachers for specific details relating to these courses. Note that assessment for the purpose of NSW Education Standards Authority accreditation is as for other Board Developed courses. For full details of VET assessment policies see page 10.

Malpractice and breaches of examination rules

Examination and Assessment rules are to be strictly adhered to in all circumstances. These rules are set out in the booklet *Rules and Procedures-Higher School Certificate*.

All work presented in assessment tasks and external examinations (including submitted works and practical examinations) **must be a student’s own work**. Malpractice, including plagiarism, could lead to a student receiving zero marks and may jeopardise a student’s HSC results. Assessment tasks will be subject to the *Turnitin* program where appropriate. TJHS school policy as detailed below will apply to determine where a breach has occurred.

(From the NESA Assessment, Certification and Examination Manual)

Malpractice is any activity that allows a student to gain an unfair advantage over other students. It includes, but is not limited to:

- copying someone else’s work, in part or in whole, and presenting it as your own; using material directly from books, journals, CDs or the internet without reference to the source. Plagiarism also involves students who choose to copy work from their peers. **Zero may be awarded to both the ‘copier’ and the ‘author’.**
- building on the ideas of another person without reference to the source;

- buying, stealing or borrowing another person's work and presenting it as your own;
- submitting work to which another person such as a parent, coach or subject expert has contributed substantially;
- using words, ideas, designs or the workmanship of others in practical and performance tasks without appropriate acknowledgement;
- paying someone to write or prepare material;
- **breaching school examination rules** (included on page 12);
- **using non-approved aides during an assessment task / examination**;
- contriving false explanations to explain work not handed in by the due date;
- **assisting another student to engage in malpractice.**

Any student found to have cheated in an examination or assessable task will have his/her paper or task cancelled and a zero awarded.

Students are also reminded that **assisting others in the act of cheating** will be detrimental to their own progress. **They will also be awarded a zero** and a record will be made on NESA Malpractice Register.

Any suspected plagiarism/ malpractice will be reported by the Head teacher to the Senior Executive who will recommend a meeting of the **Assessment Review Panel** (A.R.P.). This panel will ask that students present all their preparatory work as evidence that their task is the student's own intellectual property. Questions may also be asked of the student (who is entitled to have a support person) to test their level of understanding prior to a decision about the authenticity of the task being made. Parents will be informed in writing of any breaches of the rules.

Students are reminded that unsatisfactory completion of any course means that a student is ineligible to include that course in the units required for the award of the HSC. This may mean that the student is also ineligible for the award of a Higher School Certificate. NB: Students must complete 10 Units, including a minimum of 2 English to be eligible for the HSC.

Queries

If any student has questions about marks awarded for ANY task, he/she must raise them with their teacher when the task is returned from marking. If, after consultation with the teacher, there is still a problem, he/she should consult with the Head Teacher of the Faculty concerned and then the Principal or the A.R.P. if there is still concern.

Appeals

Students have the right to appeal if they feel that they have, in any way, been disadvantaged or treated unfairly with regard to an assessment task. Appeals must be in writing using the school *Assessment Task Appeal* form (see page 52). This must be returned within 2 school days of the issue arising; i.e. when the task is handed back or a request for special consideration is denied.

The appeals committee for that task will meet and make a determination within 7 school days of the appeal submission. The appeals committee will consist of the relevant Deputy Principal, a Head Teacher and the classroom teacher.

A final appeal to the Principal can be made if the student feels the process has not been properly carried out. The student and parent/caregiver should discuss the issue with the Principal who will advise about any next steps.

Matters that may be considered as grounds for appeal include but are not limited to:

- If a student feels they have been treated differently from other students.
- If, after discussion with both the teacher and faculty head teacher, the student feels that the assessment mark does not reflect the quality of their performance in the task.
- Any issue relating to the marking criteria or a computation error in determining the mark.
- If a student believes the assessment procedures were not followed correctly.
- Any issues with the administration of the task; e.g. timing errors or errors in the task.

Special Note regarding Presentation of Assessment Tasks

All assessment tasks must be presented in hard copy format on **A4 paper unless specifically stated** otherwise. This means that tasks uploaded onto Google Classrooms or via USB drives or emailed to staff are not acceptable (unless specifically stated). Claims that computer malfunction caused late submission of assignments *will not be accepted* unless they can be substantiated by the production of draft work in hard copy format.

Best practice in relation to the use of computer technology and assessment work involves:

- a) Initial work, notes, planning etc in handwritten form,
- b) Regular saving or backup of work,
- c) Production of hard copy of draft work as each page is completed.

If this process is followed, any hardware or software malfunction can be legitimately supported by the production of the above draft work.

Lateness of Assessment Tasks

All assessments must be handed in by 3pm on the day the task is due, unless otherwise specified. If not, they will be treated as late and the following penalties will apply:

The work will be reviewed but **no marks will be awarded**. The students will be given advice on ways to improve but the mark recorded will be **zero**. If an assessment is not submitted by the due date, the student will receive a N-warning letter.

*Students should not leave assignments until the last minute. No allowance will be made for students whose illness is restricted to the final days before a long-term assignment is due. If a student knows in advance that he/she will be absent on the day an assignment is due, the work must be handed in **before the due date**.*

Assessment of Industry Curriculum Framework Courses (VET courses)

For all industry curriculum framework courses (i.e. Hospitality, Construction and Information Technology), all assessment is competency based. An assessment mark is not required by the NSW Education Standards Authority. The NSW Education Standards Authority requires a list of units of competency achieved to be submitted.

For 240 hour courses (i.e. 2 unit courses) there are two assessment components:

Internal Assessment Requirements

- Assessment tasks are competency-based;
- Judgement of competency is made on the basis of performance against performance criteria. The criteria are set out under each element of competency in the industry curriculum framework;
- A student's performance is determined as being competent or not yet competent;
- Judgement is made on the basis of evidence that may be in a variety of forms;
- Assessment tasks will enable students to show that they can apply knowledge to particular circumstances and integrate skills and knowledge learned;
- The units of competency within each course are divided into Preliminary and HSC
- In each course the student is assessed as successfully achieving the units of competency across the Preliminary and HSC years.

External Assessment Requirements

- The optional examination is a two-hour written paper and is worth 100 marks. The paper is, however, marked out of 80. The total marks gained are then converted to a final mark out of 100;
- Students will be required to notify the NSW Education Standards Authority during the HSC year if they do not wish to be present for the examination;
- The external examination will test a sample of the units of competencies outlined in the examination specifications;
- No internal assessment mark is required for submission to the NSW Education Standards Authority;
- The examination result is independent of the competency-based assessment undertaken during the course and has no impact on student eligibility for Australian Qualifications Framework (AQF) qualifications. The external examination only may contribute to the calculation of the student's Australian Tertiary Admissions Rank (ATAR);
- The examination will provide 100% of the mark for ATAR purposes.

Note: Only students who wish their VET course to be included in their ATAR need to be present for the external examination.

Recognition of Prior Learning (RPL)

- A student's prior learning and experience, including study in other systems and life/work experience, may exempt the student from certain requirements;
- A student who has achieved units of competency through study or experience other than the VET Curriculum Framework courses is not required to be assessed for recognition of those units of competency as long as a qualified assessor from a Registered Training Organisation (RTO) has assessed those competencies (for full details of this, check with the Deputy Principal).

School Examination Rules

- 1 All writing paper is provided however students must provide other equipment required for specific examinations.
- 2 Students are required to wear **full school uniform** during the examination period.
- 3 All students should arrive **at least 10 minutes** before the starting time of the exam. Exam attendance is recorded by completing of Attendance Slips at the beginning of each exam.
- 4 All exams will be held in the Hall except for subjects that have practical components. Students seeking Special Provisions will receive their own personal timetable with rooms allocated.
- 5 **If a student is unable to attend an examination due to illness or misadventure, the school should be notified by telephone as soon as possible. This certificate must be presented to the Deputy Principal or the relevant Head Teacher as soon as the student returns to school. Students will need to include advice from a relevant independent expert, e.g. a doctor or police officer, to show why they could not attend the exam or how their exam performance was affected.**
- 6 Any student who is absent from an examination must report to the relevant Head Teacher(s) immediately after the illness/misadventure to arrange alternative times for missed exams. Failure on the part of the student to arrange an alternative time immediately after the illness/misadventure will result in a zero for the examination for that student.
- 7 Students must remain in the examination room for the entire duration of each examination (students are not allowed to leave any exam before the scheduled finishing time).
- 8 There is to be no communications of any sort between students while inside the examination room. The borrowing of equipment or material is prohibited.
- 9 Any article that could be considered an aid must not be taken to the examination tables, (e.g. books, notes, loose sheets of paper, **mobile phones, Smart watches**). All materials are subject to confiscation.
- 10 Any pens, pencils, calculators etc must be in a **clear plastic bag** (not your normal pencil case) and your drink bottle must be clear and with no label.
- 11 Students should consult the timetable carefully. No allowance will be made where candidates fail to attend an examination because of an alleged misreading of the timetable. Note that times for the start and finish of examinations vary.

Refer any concerns about the Exam timetables to Mr Carpenter, HT Admin.
