October 2018

Dear Parents/Caregivers

It is with great pleasure that I write to you to welcome you and your child to The Jannali High School community. I believe that by choosing to send your child to The Jannali High School you are providing them with the best possible start to their high school career.

As a comprehensive high school, we cater to all ability levels and learning styles. We offer a broad and challenging curriculum that is futures focussed. These, and our extra curricula programs and activities, can ensure that all of our students can thrive and succeed over the coming years.

At The Jannali High School we have a great mix of experience among our staff who are extremely dedicated, passionate and expert classroom practitioners. Our Student Wellbeing and Student Services Teams provide an effective and caring network to support your child's academic, social and emotional development.

As parents, we welcome and encourage your contribution to your child's learning and the work of the school. From a phone, to attending information evenings, P&C meetings to being involved in school evaluation teams, I look forward to working with you over the course of your child's education at The Jannali High School.

## **STUDENTS BRING YOUR OWN DEVICE (BYOD) – iPad only:**

The Jannali High School have introduced a BYOD initiative for Year 7, where an Apple iPad is the only acceptable device for students' learning. All Year 7 students will be expected to bring an iPad with them to school each day. Students and their parents/carers will be required to sign the school's "iPad – Bring Your Own Device Student / Parent Agreement" (which will be provided at the Parent Forum in Term 4 2018). An updated agreement will be available on our school website later in the year prior to students bringing the iPad to school.

Teaching and learning within the classroom will involve a blend of technology usage and traditional pen & paper activities, thus enriching experiences for students. The iPad BYOD program is supported by effective and ongoing professional learning to enhance teacher practice and student engagement. This training will be ongoing throughout 2019.

This initiative is designed to complement the technology learning students have experienced in Year 6, as many of our Partner Primary Schools are using iPads within the classroom, thus making the transition to the high school learning environment much smoother.

Research indicates that iPads *"have the potential to afford new opportunities for learning if accompanied by student-centered pedagogies and authentic learning experiences"* - *BYOD in Schools Literature Review 2013 – Page 18 – DEC.*

Experiences from other schools have demonstrated that the implementation of an iPad BYOD program can transform *“the way our students create assignments and research topics. Students shoot and edit their own HD videos with iMovie, create a visual journal with iPhoto, and even record, edit and mix music for projects with GarageBand. Students now create and submit assignments in a variety of creative ways”* – East Hills Girls Technology High School.

Further, staff, students and parents/carers of the current Year 7 have indicated that the introduction of our iPad initiative has improved student engagement, enhanced outcomes and has had a positive effect on teaching and learning within classrooms. Feedback from Technology surveys indicate 86% of students, 85% of teachers and 82% of parents/carers report improved student engagement in learning at school as a result of the iPad initiative. The impact of this iPad initiative is stronger student engagement in learning, targeted teacher professional learning and improved classroom practice.

### ***Parent Technology Forum***

A Parent Information Forum has been planned for **Wednesday, 21 November commencing at 6:30pm in the hall**. At this meeting details of the iPad program will be provided, including:

- a presentation by current Year 7 students on how iPads are used to support their learning
- school expectations
- technical requirements
- care and maintenance
- parent support and supervision
- management of the iPad as a learning device;
- and an explanation of the required apps

It is recommended that parents/carers do not download any applications for the iPad prior to this Parent Forum as the issue of setting up an Apple ID account and management of both school and private apps. will be covered on the night.

Staff and students will be available to provide additional information and answer parent/carer questions on the night of the Parent Forum.

### ***iPad minimum specifications:***

- The recommended device: Any version of an iPad with a lightning connector is required. This would include any 4<sup>th</sup> Generation iPad. WiFi only is required for access to the Department of Education’s network and internet filtering. This needs to be updated to IOS11.4.1 or IOS12.
- Students are requested not to have 3/4G enabled iPads at school. If your child does bring a 3/4G enabled iPad to school, the sim card must be removed whilst they are at school.
- A screen protector and an iPad case (with a built in Bluetooth keyboard) are strongly recommended.

***Equity and support:*** where parents/carers are unable to afford the cost of purchasing an iPad for their child, the school may be able to assist. This support may only be accessed via a formal application and interview with the Principal. Please do not hesitate to contact the school on 95212805 if you have any questions about how the school can support you in providing an iPad for your child.

***Required apps:*** a list of required apps for use with iPads will be provided at the Parent Forum in Term 4 or with our information pack on Orientation Day.

### TRANSITION DAY:

Your child will be provided with an opportunity to participate in our high school transition program, which will be conducted on Thursday, 25 October or Thursday, 1 November 2018. **See the table below for the date your school will attend:**

### ORIENTATION DAY:

You and your child are invited to attend **Orientation Day in Term 4 on Tuesday, 4 December 2018** to be held in the school auditorium. This will commence at 10:30am and finish at 1:00pm approximately. It will provide a bit more information about, and insight into, the culture and procedures of our school. The Student Representative Council will provide a barbecue at the conclusion of the program. Students should wear their primary school uniforms on Orientation Day.

### SCHOOL UNIFORM:

The school is the sole supplier of our uniform. Uniforms will be available for purchase by Year 7 2019 families on three days during Term 4 and two days during the Christmas break:

Thursday, 24 January	10:00am – 1:00pm

### YEAR 7 CAMP 2019:

We also are planning a **camp for all Year 7 students** early in the new school year. This has always been a marvellous experience for previous groups and I know the 2019 camp will be no exception. It is a great way for students from the many different primary schools to get to know each other and build a sense of unity. The camp will be held at The Great Aussie Bushcamp, Tea Gardens, from Wednesday, 13 March – Friday, 15 March 2019 inclusive at a cost of \$330 (including GST, on food content only). You should discuss any problems with Ms Shannon Powell, the Year 7 2019 Year Adviser, Ms Sheppard, our Student Welfare Coordinator, Mr Stewart, the Deputy Principal, or myself if you feel that your child will not be able to attend.

## BOOKPACKS:

Bookpacks will be supplied through A to Z Office Supplies at a cost of **\$78.00**. These can be pre-ordered and available for collection on Orientation Day, pick up from Peakhurst or for delivery to your home (at a cost of \$7.90/pack). These are custom designed by the staff of the school and represent a great saving to parents/carers. The school makes no money from the sale of these packs. I recommend this as an easy and efficient way of preparing for Day 1, 2019.

To purchase your bookpack:

Go to	<a href="http://www.a-zofficesupplies.com.au">www.a-zofficesupplies.com.au</a>
New customer	Create an account → continue
Search for item number	JANNALI-YR7 (search bar on top left of screen)

## SCHOOL WEBSITE:

The school website contains a lot of information, not only about the school's organisation but also has a school calendar that is regularly updated with upcoming events.

The website is found at [www.jannali-h.schools.nsw.gov.au](http://www.jannali-h.schools.nsw.gov.au) and is a useful tool in staying up to date with current events and activities.

## SKOOLBAG APP:

As part of our ongoing aim to improve the school's communication systems, we have recently introduced the 'Skoolbag' app for use across the school for staff, students and their parents/carers.

The Skoolbag website (<http://www.skoolbag.com.au>) states: *"Skoolbag is the ultimate school to parent communication tool. This School Mobile App provides schools with an easy way to tell parents/carers everything they need to know about school news, newsletters, events calendar, cancellations, school notices, school information, school timetables, parent sick note forms, school documents and much more. No more lost paper in school bags!"*

*The Skoolbag School Mobile App is very flexible to allow schools to create their own customised content and provides a great alternative to school SMS alerts by using Free Push Alert Notifications directly to parent smartphones".*

If you would like to investigate the effectiveness of the Skoolbag app, visit their website at <http://www.skoolbag.com.au> or simply go to the App Store on your smartphone, iPad or Android device and download The Jannali High School app.

I strongly encourage all parents/carers and students to try out this application. The TJHS Skoolbag app is available for both Apple and Android mobile devices (phones, iPads and tablets).

## SPORT:

All Year 7 students will undertake a **special sports swimming program** at the start of the year (see details on attached permission note).

In Terms 2 and 3 your child will have instructors come in from the community to provide expert tutelage on four different sports on a four week cycle. They will provide fun, challenging activities, within a supportive environment, that will help improve students' sporting ability and self-belief.

### **RELIGIOUS EDUCATION:**

Scripture is an integral part of the values education program provided at The Jannali High School. Families have the option to choose from Anglican or Catholic scripture or for their child to attend non-scripture classes. All Year 7 students will be allocated an appropriate class during the scripture period based on the details provided on their enrolment application form. If parents/carers do not wish their child to participate in the scripture program then we request a written letter indicating this preference.

### **MONEY MATTERS:**

Payment of fees would be appreciated on Orientation Day on Tuesday, 4 December. An envelope has been provided for your convenience. The school fees for Year 7 are \$921.00 including the camp and sport for Term 1 and the P & C contribution (see attached Money Matters sheet for details).

The P & C contribution (levy) is used to offset the need for P & C fundraising throughout the year. We look forward to welcoming you to our group.

### HIGH SCHOOL CHOICES SURVEY:

Parent/carer views are important to us at The Jannali High School. We are constantly looking for your feedback and thoughts on many issues to do with school life. Recently we undertook our annual school culture parent/carer survey and some of the results will be presented during the Orientation Day. However, now it is your turn to get involved and communicate your feelings about why you have chosen The Jannali High School for your child's education. Below is a link to a brief online survey regarding the choice you have made regarding the best high school for your child. Please take the time (5 minutes) to participate and offer your thoughts. This will only help us stay in touch with your views and improve on the school we already value.
